- (A) Font
- (B) Paragraph
- (C) Clipboard
- (D) Styles

Q3. Which line-spacing option sets a fixed amount of space between lines regardless of font size?

- (A) Single
- (B) Double
- (C) Exactly
- (D) Multiple

Q4. What does the 'Change Case' button (Aa) NOT include as an option?

- (A) UPPERCASE
- (B) Capitalize Each Word
- (C) tOGGLE cASE
- (D) Small Caps

Q5. In the Paragraph group, the 'Shading' button fills the background of selected text with color. Which adjacent button adds visible borders around a paragraph?

- (A) Highlight Color
- (B) Borders
- (C) Line Spacing
- (D) Indent

Q6. A student applies 'Heading 1' style and then modifies its font manually. To save those manual changes back into the style, she should:

- (A) Click 'New Style'
- (B) Right-click the style → Update Heading 1 to Match Selection
- (C) Press Ctrl+S

(D) Use Format Painter

Q7. Which Find & Replace option allows you to search for specific formatting (e.g., Bold text)?

- (A) Use Wildcards
- (B) Match Case
- (C) More >> Format
- (D) Sounds Like

Q8. The 'Superscript' button in the Font group uses which keyboard shortcut?

- (A) Ctrl+=
- (B) Ctrl+Shift+=
- (C) Ctrl+Shift+P
- (D) Alt+Shift+S

Q9. Which of the following is NOT a paragraph alignment option available in the Home tab?

- (A) Left
- (B) Right
- (C) Center
- (D) Diagonal

Q10. Pressing Ctrl+Q in MS Word does what to paragraph formatting?

- (A) Quits the application
- (B) Removes all paragraph formatting
- (C) Opens Quick Access toolbar settings
- (D) Inserts a Quick Part

INSERT TAB

Q11. Which feature under Insert → Text group allows pre-saved blocks of text to be reused?

- (A) WordArt
- (B) Quick Parts
- (C) Drop Cap
- (D) Text Box

Q12. A 'Bookmark' in MS Word is used to:

- (A) Save a document quickly
- (B) Mark a specific location or selection for future reference
- (C) Insert a decorative image
- (D) Create a hyperlink to a website

Q13. When inserting a 'SmartArt', which category would you choose for a hierarchy/org chart?

- (A) List
- (B) Process
- (C) Hierarchy
- (D) Relationship

Q14. The 'Drop Cap' option is found under which group in the Insert tab?

- (A) Illustrations
- (B) Text

- (C) Header & Footer
- (D) Links

Q15. Which option lets you insert a running page count like 'Page 3 of 10'?

- (A) Insert → Page Number → Current Position
- (B) Insert → Field → NumPages alongside Insert → Field → Page
- (C) Insert → Header → Edit Header
- (D) Insert → Quick Parts → Document Property

Q16. What is the difference between an 'Inline' and a 'Floating' picture in MS Word?

- (A) Inline pictures can be resized; floating cannot
- (B) Inline moves with text like a character; floating can be positioned freely on the page
- (C) Floating pictures print in color; inline pictures print in black & white
- (D) There is no functional difference

Q17. To insert a mathematical equation using the built-in equation editor, you navigate to:

- (A) Insert → Symbol → More Symbols
- (B) Insert → Equation
- (C) Insert → Object → Microsoft Equation
- (D) Home → Insert → Formula

- (A) Insert → Screenshot → Available Windows
- (B) Insert → Screenshot → Screen Clipping
- (C) Insert → Picture → From Scanner
- (D) Insert → Online Pictures

Q19. A 'Cross-reference' in MS Word allows you to:

- (A) Compare two versions of a document
- (B) Refer to another item in the same document (e.g., 'See Table 3')
- (C) Insert a link to an external spreadsheet
- (D) Highlight text across multiple pages

Q20. Which shape type in the Shapes gallery would you use to draw a speech bubble?

- (A) Lines
- (B) Basic Shapes
- (C) Callouts
- (D) Block Arrows

DESIGN TAB

Q21. What does changing the 'Theme' in the Design tab affect?

- (A) Only the font of the entire document
- (B) Colors, fonts, and effects applied throughout the document
- (C) Only the page background color
- (D) The default margins and page size

Q22. The 'Watermark' option in the Design tab is located in which group?

- (A) Document Formatting

- (B) Page Background
- (C) Themes
- (D) Paragraph Spacing

Q23. A teacher wants every page of her document to have a light-blue background. She should use:

- (A) Design → Watermark
- (B) Design → Page Color
- (C) Design → Page Borders
- (D) Design → Effects

Q24. Which Design tab feature lets you save a customized combination of theme colors and fonts for reuse across documents?

- (A) Style Set
- (B) Save as Default
- (C) Set as Default Theme / Save Current Theme
- (D) Document Property

LAYOUT TAB

Q25. Which option under Layout → Breaks inserts a break that starts text in the next column of a multi-column layout?

- (A) Page Break
- (B) Column Break
- (C) Text Wrapping Break
- (D) Section Break – Next Page

Q26. What is the purpose of a 'Continuous' section break?

- (A) It starts the new section on an odd-numbered page
- (B) It starts the new section on the next page
- (C) It starts the new section on the same page, allowing different formatting
- (D) It breaks the document into separate files

Q27. The 'Hyphenation' feature in Layout is useful because it:

- (A) Adds hyphens to compound adjectives automatically
- (B) Reduces large gaps in justified text by breaking long words at line ends
- (C) Corrects spelling errors by adding hyphens between syllables
- (D) Converts em dashes to hyphens throughout the document

Q28. A student sets Left Indent to 2 cm and First Line Indent to -2 cm. What is the visual result?

- (A) The entire paragraph is indented 2 cm from the left
- (B) A hanging indent — the first line starts at the margin, subsequent lines indent 2 cm
- (C) A negative margin error is shown
- (D) The paragraph shifts 2 cm to the right with no first-line difference

REFERENCES TAB

Q29. Where is the 'Table of Contents' button located in the References tab?

- (A) Footnotes group

- (B) Table of Contents group
- (C) Captions group
- (D) Index group

Q30. When you insert an 'Automatic Table of Contents', Word builds it using:

- (A) All Bold text in the document
- (B) Text formatted with Heading styles (Heading 1, Heading 2, etc.)
- (C) All text you manually mark with a bookmark
- (D) The first sentence of every paragraph

Q31. Which References feature is used to add a note at the bottom of a page explaining a term?

- (A) Endnote
- (B) Footnote
- (C) Caption
- (D) Cross-reference

Q32. What is the key difference between a Footnote and an Endnote?

- (A) Footnotes use numbers; Endnotes use letters
- (B) Footnotes appear at the bottom of the page; Endnotes appear at the end of the document
- (C) Footnotes are for images; Endnotes are for text
- (D) They are identical in function

Q33. The 'Insert Caption' feature under References → Captions is typically used for:

- (A) Adding a title to the entire document
- (B) Labeling figures, tables, or equations with numbered references
- (C) Creating a watermark on each page
- (D) Inserting footnotes below images

Q34. Which option would you use in References to automatically generate a list of all figures with their page numbers?

- (A) Table of Contents
- (B) Insert Index
- (C) Insert Table of Figures
- (D) Mark Entry

Q35. The 'Mark Entry' button in the Index group is used to:

- (A) Bookmark a page for quick navigation
- (B) Mark selected text so it appears in the document's Index
- (C) Mark text for inclusion in the Table of Contents
- (D) Highlight text for peer review

Q36. To convert all footnotes in a document to endnotes at once, a user should:

- (A) Delete each footnote and retype it as an endnote
- (B) References → Footnotes dialog launcher → Convert → Convert all footnotes to endnotes
- (C) Use Find & Replace to locate footnote markers
- (D) Copy the footnotes to the last page manually

MAILINGS TAB

Q37. In a Mail Merge, the document that contains the fixed text and merge fields is called the:

- (A) Data Source
- (B) Main Document
- (C) Recipient List
- (D) Merge Output

Q38. Which button in the Mailings tab lets you view how the actual data looks in place of merge fields?

- (A) Edit Recipient List
- (B) Insert Merge Field
- (C) Preview Results
- (D) Highlight Merge Fields

Q39. After completing a Mail Merge, 'Finish & Merge → Edit Individual Documents' produces:

- (A) A single merged document with all records on separate pages
- (B) An email sent to all recipients
- (C) A new data source file
- (D) A PDF of only the first record

Q40. The 'Rules' button in Mailings allows you to insert conditional logic. Which rule would print 'Dear Sir' or 'Dear Ma'am' based on a Gender field?

- (A) Skip Record If
- (B) Merge Record #
- (C) If...Then...Else
- (D) Set Bookmark

REVIEW TAB

Q41. Which keyboard shortcut opens the Spelling & Grammar checker?

- (A) F5
- (B) F7
- (C) F9
- (D) Shift+F7

Q42. The 'Thesaurus' in MS Word helps you find:

- (A) Spelling corrections
- (B) Grammar suggestions
- (C) Synonyms and antonyms for a selected word
- (D) Translation of selected text

Q43. When Track Changes is ON, deleted text is shown by default as:

- (A) Hidden text with a red dot
- (B) Strikethrough text (often in red or a contrasting color)
- (C) Text moved to a comment balloon
- (D) Completely invisible until accepted

Q44. A reviewer adds a comment to a document. Another reviewer replies to that comment. In modern Word, the original comment and replies form a:

- (A) Tracked change thread

- (B) Comment thread
- (C) Annotation stream
- (D) Review chain

Q45. The 'Compare' feature under Review → Compare is used to:

- (A) Check two documents for plagiarism
- (B) Merge changes from multiple authors into one document
- (C) Show the differences between an original and a revised document as tracked changes
- (D) Display two documents side by side for reading

VIEW TAB

Q46. Which View mode in MS Word is best for reading a long document without editing, displaying it in a book-like, full-screen format?

- (A) Print Layout
- (B) Web Layout
- (C) Read Mode
- (D) Outline View

Q47. The 'Synchronous Scrolling' option in the View tab is enabled when:

- (A) Two documents are open side by side using View Side by Side
- (B) Track Changes is active in both documents
- (C) The Ruler is visible
- (D) You switch to Draft View

Q48. Draft View in MS Word hides which of the following?

- (A) Paragraph marks
- (B) The Ruler
- (C) Headers, footers, and page boundaries
- (D) Non-printing characters

Q49. The 'Macros' button appears in the View tab. What does 'View Macros' do?

- (A) Runs all macros automatically
- (B) Opens the list of recorded macros so you can run, edit, or delete them
- (C) Records a new macro immediately
- (D) Opens the Visual Basic Editor directly

Q50. A student opens the same document in two windows using View → New Window. Which statement is TRUE?

- (A) Editing one window does NOT affect the other — they are separate copies
- (B) Both windows display the same document; changes in one instantly appear in the other
- (C) Only the first window can be edited; the second is read-only
- (D) New Window creates a duplicate file saved separately on disk
