

Subject	Microsoft Word (Office 365 / 2021)
Tabs Covered	Home, Insert, Design, Layout, References, Mailings, Review
Exclusions	Developer Tab Mark Citation (References Tab) Complex Shortcut Keys
Total Questions	50 (Each question carries 1 mark)
Total Marks	50
Duration	50 Minutes
Instructions	Circle or write the letter of the BEST answer. Only ONE option is correct per question. No negative marking.

HOME TAB

Q1. Which group in the Home tab contains the Bold, Italic, and Underline buttons?

- (A) Paragraph
- (B) Clipboard
- (C) Font
- (D) Styles

Q2. A student wants to copy formatting from one paragraph to another without retyping. Which button should she use?

- (A) Copy
- (B) Paste Special
- (C) Format Painter
- (D) Clone Style

Q3. In the Paragraph group of the Home tab, which button adds shading color behind a selected paragraph?

- (A) Font Color
- (B) Highlight Color
- (C) Shading
- (D) Borders

Q4. Which of the following is a valid option under the 'Line and Paragraph Spacing' button in the Paragraph group?

- (A) Add Space Before Paragraph
- (B) Add Page Break After Paragraph
- (C) Remove All Formatting
- (D) Insert Section Break

Q5. The 'Clear All Formatting' button in the Font group will:

- (A) Delete the selected text permanently
- (B) Remove all formatting and return text to the default style
- (C) Remove the document theme
- (D) Undo the last ten actions

Q6. To quickly select all text in a Word document you would go to:

- (A) Home → Editing → Find
- (B) Home → Editing → Select → Select All
- (C) Home → Clipboard → Select
- (D) Home → Font → Select All

Q7. Which option in the 'Paste' dropdown (Home tab) pastes only the plain text without any original formatting?

- (A) Keep Source Formatting
- (B) Merge Formatting
- (C) Keep Text Only
- (D) Paste as Picture

Q8. The Styles gallery in the Home tab is used to:

- (A) Change the document theme colors
- (B) Apply pre-defined combinations of font, size, and spacing to text
- (C) Insert pre-built page layouts
- (D) Save the document as a template

Q9. A student sets paragraph spacing 'After' to 12 pt. What does this control?

- (A) The space between each line within the paragraph
- (B) The blank space added below the paragraph before the next one begins
- (C) The top margin of the page
- (D) The indentation of the first line

Q10. Which feature under Home → Editing → Replace would you use to replace every occurrence of the word 'colour' with 'color' throughout the document?

- (A) Find Next
- (B) Replace All
- (C) Go To
- (D) Select All

INSERT TAB

Q11. To insert a pre-designed cover page into a document, you navigate to:

- (A) Design → Page Background
- (B) Insert → Pages → Cover Page
- (C) Layout → Page Setup → Cover
- (D) Home → Styles → Cover Page

Q12. Which Insert group contains the option to add a Header and Footer?

- (A) Text
- (B) Pages
- (C) Header & Footer
- (D) Links

Q13. When you insert a table using Insert → Table → Insert Table, which two values must you specify?

- (A) Row height and column width
- (B) Number of columns and number of rows

- (C) Table style and border color
- (D) Font size and cell padding

Q14. The 'Online Pictures' option in the Insert tab searches for images from:

- (A) Your local hard drive
- (B) Bing Image Search or OneDrive
- (C) Google Images only
- (D) The document's existing media library

Q15. A 'Text Box' inserted via Insert → Text is useful because:

- (A) It locks the text so it cannot be edited
- (B) It allows text to be placed anywhere on the page independently of the main text flow
- (C) It automatically formats the text as a heading
- (D) It converts text to an image

Q16. Which option under Insert → Header & Footer → Page Number places the page number at the bottom center of every page?

- (A) Top of Page
- (B) Bottom of Page
- (C) Page Margins
- (D) Current Position

Q17. To insert a special character like a copyright symbol (©), you would go to:

- (A) Insert → Text → Quick Parts
- (B) Insert → Symbol → More Symbols
- (C) Home → Font → Special Characters
- (D) Insert → Links → Bookmark

Q18. What does the 'Hyperlink' option under Insert → Links allow you to do?

- (A) Insert a decorative link-shaped border
- (B) Connect selected text or an object to a web address, file, or location in the document
- (C) Link two tables together so they update simultaneously
- (D) Add a footnote that links to a source

Q19. Which SmartArt category would best represent a step-by-step process such as a workflow or procedure?

- (A) List
- (B) Process
- (C) Cycle
- (D) Matrix

Q20. The 'WordArt' button is found in which group of the Insert tab?

- (A) Illustrations
- (B) Text
- (C) Symbols
- (D) Links

DESIGN TAB

Q21. The 'Themes' button in the Design tab changes which aspects of the document?

- (A) Only the page margins
- (B) Colors, fonts, and graphic effects throughout the document
- (C) Only the header and footer styles
- (D) The default paper size

Q22. A 'Style Set' in the Design tab is a collection of:

- (A) Pre-built table designs
- (B) Pre-defined heading and body text styles that can be applied to the whole document at once
- (C) Page border templates
- (D) Watermark designs

Q23. Where do you go in the Design tab to add a 'Confidential' or 'Draft' watermark?

- (A) Design → Page Background → Page Color
- (B) Design → Page Background → Watermark
- (C) Design → Document Formatting → Effects
- (D) Design → Themes → Watermark

Q24. The 'Paragraph Spacing' option in the Design tab differs from the one in the Home tab because it:

- (A) Only adjusts spacing for the title
- (B) Changes the default spacing style for the entire document at once
- (C) Sets spacing only for the selected paragraph
- (D) Removes all paragraph spacing permanently

Q25. To add a decorative border around every page of the document, you use:

- (A) Design → Themes → Page Border
- (B) Design → Page Background → Page Borders
- (C) Layout → Page Setup → Borders
- (D) Home → Paragraph → Borders → Page Border

Q26. Which Design tab option lets you choose the color palette used by the current theme?

- (A) Fonts
- (B) Colors
- (C) Effects
- (D) Style Set

LAYOUT TAB

Q27. To change the page orientation from Portrait to Landscape, you go to:

- (A) Design → Page Background → Orientation
- (B) Layout → Page Setup → Orientation
- (C) Insert → Pages → Orientation
- (D) Home → Paragraph → Orientation

Q28. Which Layout option allows you to arrange text into two or three side-by-side columns like a newspaper?

- (A) Layout → Page Setup → Margins
- (B) Layout → Page Setup → Columns

- (C) Layout → Paragraph → Columns
- (D) Design → Document Formatting → Columns

Q29. The 'Margins' button in the Layout tab lets you:

- (A) Add decorative borders to the page
- (B) Set the blank space between the text and the edge of the page
- (C) Change the line spacing within paragraphs
- (D) Adjust the font size for the whole document

Q30. When you use Layout → Breaks → Next Page, what happens?

- (A) Text continues immediately after the break on the same page
- (B) A new section begins on the next page allowing different formatting
- (C) Only the current paragraph moves to a new page
- (D) The document is split into two separate files

Q31. The 'Indent Left' and 'Indent Right' fields in the Layout tab → Paragraph group control:

- (A) The space between lines of text
- (B) How far the paragraph is pushed inward from the left or right margin
- (C) The font size of the paragraph
- (D) The page margins for the whole document

Q32. In the Layout tab, the 'Size' button is used to:

- (A) Change the font size of selected text
- (B) Set the paper size (e.g., A4, Letter) for the document
- (C) Resize an inserted image
- (D) Adjust the table cell size

Q33. The 'Position' button in Layout → Arrange is used to:

- (A) Move the cursor to a specific page
- (B) Set where a selected object (image or shape) sits on the page
- (C) Change the paragraph alignment
- (D) Reorder layers of overlapping shapes

REFERENCES TAB

Q34. An 'Automatic Table of Contents' in the References tab is built from text formatted with:

- (A) Any Bold text in the document
- (B) Heading 1, Heading 2, and Heading 3 styles
- (C) Text that has been bookmarked
- (D) Text inside text boxes

Q35. After making changes to headings in your document, how do you refresh the Table of Contents?

- (A) Delete it and insert a new one
- (B) Click inside the TOC and select 'Update Table'
- (C) Save and reopen the document
- (D) Use Design → Refresh

Q36. A footnote in MS Word appears at:

- (A) The end of the document

- (B) The bottom of the page where the reference is made
- (C) The beginning of the next section
- (D) Inside a comment balloon

Q37. An endnote in MS Word appears at:

- (A) The bottom of each page
- (B) The end of the document or section
- (C) Inside the header area
- (D) Next to the referenced text inline

Q38. The 'Insert Caption' feature under References → Captions is most commonly used to:

- (A) Add a title watermark to the page
- (B) Add a numbered label (e.g., Figure 1, Table 2) below images or tables
- (C) Insert a decorative text box below an image
- (D) Link the image to an external source

Q39. Which References feature automatically creates a numbered list of all figures in the document along with their page numbers?

- (A) Table of Contents
- (B) Table of Figures
- (C) Insert Index
- (D) Insert Caption

Q40. The 'Insert Index' button in References → Index creates:

- (A) A list of all heading styles used
- (B) An alphabetical list of key terms with their page numbers
- (C) A numbered list of all tables
- (D) A list of all footnotes in the document

Q41. To mark a word so it appears in the document's Index, you use:

- (A) References → Footnotes → Insert Footnote
- (B) References → Index → Mark Entry
- (C) References → Captions → Insert Caption
- (D) References → Table of Contents → Add Text

MAILINGS TAB

Q42. In Mail Merge, which file contains the names, addresses, or other variable data?

- (A) Main Document
- (B) Data Source / Recipient List
- (C) Merge Field File
- (D) Output Document

Q43. After inserting merge fields into a letter, which button lets you see how the actual data will look before printing?

- (A) Finish & Merge
- (B) Insert Merge Field
- (C) Preview Results

(D) Edit Recipient List

Q44. Which option under 'Finish & Merge' sends the merged letters directly to the printer?

- (A) Edit Individual Documents
- (B) Merge to Email
- (C) Print Documents
- (D) Save Merged File

Q45. The 'Greeting Line' button in Mailings inserts a:

- (A) Custom header for the letter
- (B) Pre-formatted salutation like 'Dear Mr. Smith,' using data from the recipient list
- (C) Page number in the header
- (D) Table of recipient addresses

Q46. To remove some recipients from a mail merge before finishing, you click:

- (A) Start Mail Merge → Reset
- (B) Edit Recipient List → uncheck the recipients you want to exclude
- (C) Insert Merge Field → Remove
- (D) Finish & Merge → Filter

REVIEW TAB

Q47. The 'New Comment' button in the Review tab allows a reviewer to:

- (A) Change the document's tracked changes color
- (B) Attach a note or feedback to a selected piece of text without changing the text itself
- (C) Insert a footnote at the bottom of the page
- (D) Add a new section to the document

Q48. When 'Track Changes' is turned on and a reviewer deletes a word, the deleted word is:

- (A) Immediately and permanently removed from the document
- (B) Shown with a strikethrough so the author can see what was deleted
- (C) Moved to the clipboard
- (D) Hidden until the document is saved

Q49. To accept all tracked changes in a document at once, you go to:

- (A) Review → Changes → Accept → Accept All Changes in Document
- (B) Review → Comments → Resolve All
- (C) Review → Tracking → Clear All
- (D) Review → Compare → Accept All

Q50. The 'Word Count' button in Review → Proofing shows you:

- (A) Only the total number of pages
- (B) Total pages, words, characters, paragraphs, and lines in the document
- (C) The number of spelling errors found
- (D) The number of comments added by reviewers
